Subject

Positive or Suspected Case of COVID-19 at Samaritan

Message Body

We want to provide you with an update from Samaritan Health Center regarding COVID-19.

Since May 31st we had one resident and two staff members test positive for COVID-19 within Samaritan Health Center. When a resident tests positive, we notify residents and their representative(s) of their condition and implement protocols for their care and treatment. We also follow guidance from the Centers for Disease Control and Prevention (CDC) and the Center for Medicare and Medicaid Services (CMS), including return to work guidance, for staff who test positive.

- Visitation is still allowed but highly discouraged.

Our Covid-19 booster clinic is next Thursday June 9th. If you would like your loved one to receive the covid booster please call our main line at 262-335-4500 and ask to speak to Caryn, infection control nurse.

Testing for staff is taking place on Tuesdays and Fridays. All staff and visitors entering the facility are asked to wear an N95 when in resident care and common areas. We know you are concerned about your loved one and we are doing all we can to keep them safe. We will contact you directly if your loved one is suspected or diagnosed with COVID-19.

Continue to check our hotline for the most up-to-date information at 262-335-4599, or feel free to call us directly at 262-335-4500 if you have any questions.

Sincerely,

Taya Walk
Campus Administrator
