Subject

Positive or Suspected Case of COVID-19

Message Body

Hello,

Today, a resident on 3rd floor tested positive for COVID-19 and last week Thursday and Friday we had two staff members test positive. The resident is currently stable with minor symptoms and will be temporarily moved to 4 North, our designated COVID-19 unit.

As of today, all residents have tested negative. We will do another round of resident testing on Thursday to determine if the virus is contained. Until we can make this determination on Thursday:

- All 3rd floor residents will be eating in their rooms. Residents that need staff assistance can eat in the dining room socially distanced. Residents MUST remain 6 feet apart at all times. BSG will fully sanitize the dining room after every meal.
- There will not be any group activities. Therapeutic Rec will be doing 1:1 activities.
- Admissions will be halted until further notice.
- Effective tomorrow, June 1st, Dining staff will prepare all resident trays in the kitchen and they will need to be passed on the units.

Staff will continue to test on Tuesdays and Fridays and wear N95 masks. All staff with medical and religious exemptions for the COVID-19 vaccine will continue to wear an N95 mask and eye protection at all times.

Visitation is highly discouraged at this time, however, in alignment with our regulations, it is still permitted. Visitors should be going directly to the resident's room and not congregating in communal areas in the building. Visitors should also be wearing a face covering, preferably an N95 mask, at all times.

Please call our hotline for the most up-to-date information 262-335-4599.

Sincerely,

Taya Walk
